

**Remarks**

The specification has been amended to delete the description of "Fig 6J, 6K".

The application as filed, with the accorded filing date of June 22, 2001, is complete. The original Italian priority document made reference to "Figs. 6a-6l", however the letters "j" and "k" do not exist in the traditional Italian alphabet. The specification has been amended to correct this discrepancy.

Respectfully submitted,
